of Greater Portland

Annual Report
JULY 2022 - JUNE 2023

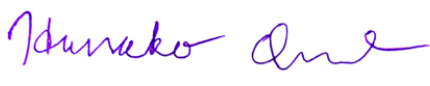

Dear Community Members,

For 122 years, YWCA of Greater Portland has acted with courage to provide essential services to our most vulnerable community members. Last year, we welcomed new leadership, diversified staff to better reflect the communities we serve, adopted trauma informed care practices agency wide, and invested in an equitable compensation and employee wellness structure that gives our staff the dignity of a housing-secure wage and wellness benefits. Strengthening our organization allowed us to expand our services to meet our community's increasing needs while elevating the voices and experiences of historically and continually harmed and marginalized communities.

This Annual Report reflects our collective commitment to tangible change. We do hard things every day, and we could not do them without YOU.

OUR PROGRAMS: JULY 2022 - JUNE 2023

COMMUNITY HEALTH RECOVERY AND RESILIENCE PROGRAM

Through a culturally-specific program for hard-to-reach populations, we distributed \$92,304 to assist families affected by COVID illness. Because a healthy community is a strong community.

FAMILY PRESERVATION PROJECT

After three years of pandemic closure, we returned to Coffee Creek Correctional Facility for in-person services. Every month, we helped an average of 101 incarcerated mothers stay connected to their families.

Because keeping families together improves generational, educational, and occupational outcomes.

SOCIAL JUSTICE PROGRAM

We are the largest provider of social justice education in Oregon and certify new Domestic Violence Advocates through a 40-hour training program. We certified 69 DV advocates. Because we still have work to do before justice just is.

TWO NEW HOMES OPEN FOR SURVIVORS

TRANSITIONAL HOUSING SOLUTIONS

in the greater Portland area for Survivors of domestic and sexual violence and their kids following a traumatic event.

PASSED: BETTER BEGINNINGS FOR BABIES BILL!

NEW LAW IMPROVES BIRTH OUTCOMES FOR INCARCERATED MOTHERS

by creating a culturally-specific/trauma-informed doula program and providing healthcare support during and after birth.

COMMUNITY PROJECTS

By offering financial management and capacity building support, we fiscally sponsored 30 primarily BIPOC-led and BIPOC-serving community projects to help them thrive. Because community knows what community needs.

SENIOR SERVICES

We support seniors so they can maintain healthy and independent lives in the safety and comfort of their own homes. We helped 740 seniors age in place. Because we all deserve dignity as we age.

SURVIVOR SERVICES

We provide Survivors with housing, therapy, and other wraparound services. We provided 236 households, (primarily BIPOC) with help to rebuild their lives following a traumatic event. Because domestic and sexual violence is a plague on our community.
